Hi Dave...

Thought I would forward some pics that Mike & I took when we met with Rick on Saturday. The tongue & groove has turned out perfectly... it shows off the timbers very well. We are beyond thrilled with how well the timberframing has turned out! It is creating quite the stir up at the lake... and, apparently, our neighbour up the hill comes down almost daily just to 'hang out' in the nicest home on the strip.

We will continue to send you pics on the progress.

With sincerest gratitude,

Vanessa & Mike
